MYDIS User MSDS

SDS & TEST RESULTS:

International Water Solutions Limited

Unit 1A Bates Industrial Estate
Church Road
Romford / Essex, RM3 0HU
UNITED KINGDOM

1. Chemical Product and Company Identification

- a. Common Name/Trade Name: Electrolyzed Water
- b. Manufacturer/Supplier: International Water Solutions (See above)
- c. Commercial Name: MYDIS
- d. Synonym: None
- e. Chemical Name: Hypochlorous Acid, Sodium Hydroxide
- f. Formula: H₂O; NaCl; HOCl; NaOH
- g. Chemical Family: Inorganic salt solution in water – weak acid
- h. CAS #: Mixture
- i. RTECS: Not applicable
- j. TSCA: Not applicable
- k. Cl#: Not applicable

2. Composition and Information on Ingredients

Name	CAS-No	EINICS-No	Wt/vol%
Water (H ₂ O)	7732-18-5	231-791-2	>99.69%
Sodium Chloride (NaCl)	7647-14-5	231-598-3	<0.26%
Hypochlorous Acid (HOCl)	7790-92-3	232-232-5	<0.04%
Hypochlorite Water (OCl)	7681-52-9	231-668-3	<0.01%

Toxicological Data on Ingredients: ORAL (LD50): >200mg/L

Note: Product Composition ranges shown are typical for health, safety, and environmental use and not intended as specifications.

3. Hazards Identification

POTENTIAL ACUTE HEALTH EFFECTS:

- a. Skin Contact: Those individually allergic to Chlorine should avoid direct contact as it may cause irritation with symptoms of redness, itching, and swelling.
- b. Ingestion: Ingestion of large quantities (>greater than one litre or one quart) may produce gastric discomfort, nausea, vomiting, and diarrhea
- c. Carcinogenicity: Active ingredients are not listed by OSHA, EPA, or any other authority as carcinogen or tumor promoter

POTENTIAL CHRONIC HEALTH EFFECTS:

- a. Skin Effects: Negative
- b. Eye Effects: Negative
- c. Carcinogenic Effects: Negative
- d. Mutagenic Effects: Negative
- e. Teratogenic Effects: No known significant effects or critical hazards
- f. Developmental Toxicity: No known significant effects or critical hazards

4. First Aid Measures

- a. Inhalation: If dizziness occurs, immediately get into an open space – no other action is required.
- b. Ingestion: Rinse mouth thoroughly and drink large quantities of water. Consult with a physician.
- c. Eye contact: Remove any contact lenses if possible and rinse thoroughly with water. Get medical attention if any discomfort continues.

5. Fire Fighting Measures

- a. Flammability of Product: Non-flammable
- b. Auto-ignition Temperature: Not applicable
- c. Flash Point: Not applicable
- d. Flammable Limits: Not applicable
- e. Products of Combustion: Not applicable
- f. Fire Hazards in Presence of Various Substances: None
- g. Explosion Hazards in Presence of Various Substances: None
- h. Fire Fighting Media and Instructions:
 - i. Choose extinguishing media suitable for surrounding materials, chemical type foam, sand, and water spray

ii. Respiratory and eye protection are required for firefighting personnel. Full protective equipment (bunker gear) and self-contained breathing apparatus (SCBA) should be used for all indoor fires and any significant outdoor fires. For small outdoor fires, which may be easily extinguished with a portable fire extinguisher, use of a SCBA may not be required. Do not allow chlorine gas to accumulate within a confined space. Insure proper ventilation to the outside.

i. Special Remarks on Fire Hazards: This product is a non-flammable substance

j. Special Remarks on Explosion Hazards: Not available

6. Accidental Release Measures

a. Small Spill: No special requirement. Wash to waste.

b. Large Spill: No special requirement. Wash to waste.

7. Handling and Storage

a. Precautions: No special handling required.

b. Storage: Store tightly closed in original container, ensure it's placed in a dry, cool place. If other containers are used, ensure containers are located in a well-ventilated area.

8. Exposure Controls and Personal Protection

a. Respiratory Protection: Not necessary if there is adequate ventilation

b. Protective Clothing: Not required

c. Ventilation: Good room ventilation is normally adequate for a safe use of this product.

9. Physical and Chemical Properties

a. Physical State and Appearance: Liquid

b. Molecular Weight: Mixture

c. pH (1% sol/water): 5 to 7

d. Boiling Point: >100 degrees Celsius

e. Melting Point: <0 degrees Celsius

f. Critical Temperature: Not available

g. Specific Gravity: 1.0g/ml

h. Vapor Pressure: Not available

i. Vapor Density: Not available

- j. Volatility: Not availability
- k. Odour Threshold: Not available
- l. Water/Oil Dist. Coeff.: Not available
- m. Ionicity (in water); Not available
- n. Dispersion Properties: See solubility of water
- o. Solubility in Water: Easily soluble in cold water
- p. Odour Characteristic: Slight chlorine-like
- q. Taste: Not available
- r. Colour: Colourless

10. Stability and Reactivity

- a. Stability: The product is stable under normal conditions of temperature and pressure
- b. Instability Temperature: Not available
- c. Conditions of Instability: Not available
- d. Incompatibilities: Ammonia, Acids
- e. Corrosiveness: Oxidizer
- f. Special remarks on corrosiveness: None
- g. Hazardous Decomposition Products: Hypochlorous acid decomposes into chlorine
- h. Polymerization: Will not occur

11. Toxicological Information

- a. Routes of Entry: Absorbed through skin. Eye contact. Inhalation. Ingestion.
- b. Toxicity to Animals: None
- c. Chronic Effects on Humans: None
 - i. Carcinogenic Effects: Negative
 - ii. Mutagenic Effects: Negative
- d. Other Toxic Effects on Humans: Negative
- e. Special remarks on Toxicity to Animals: None

12. Ecological Information

- a. Ecotoxicity: Not available
- b. BOD5 and COD: Not available
- c. Products of Biodegrading: Negative
- d. Toxicity of the Products of Biodegrading: The products itself and its products of degradation are not toxic
- e. Special Remarks on the Products of Biodegrading: Not available

13. Disposal Considerations

- a. Waste Disposal: No special precautions are required for this product

14. Transport information

- a. DOT Classification: No special precautions for this product
- b. Identification: Not applicable
- c. Special Provisions for Transport: Not applicable
- d. DOT (Pictograms): Not applicable

15. Other Information

- a. MSDS Code: Not available
- b. References: Not available
- c. Other special considerations: Not available
- d. Preparation Date: 7-28-16

Disclaimer: All chemicals may pose unknown hazards and should be used with caution. This Safety Data Sheet (SDS) applies only to the material as packaged. If this product is combined with other materials, deteriorates, or becomes contaminated, it may pose hazards not mentioned in this SDS. It shall be the user's responsibility to develop proper methods of handling and personal protection based on the actual conditions of use. While this SDS is based on technical data judged to be reliable, HCl, LLC assumes no responsibility for the completeness or accuracy of the information contained herein.
